Logging In and Signing Out

Logging in

1. Access the login page.
   https://timekeeping.claremont.edu

2. Select **Claremont Graduate University** in the Company drop-down

3. Enter your CGU Username and Password credentials.

4. Click **Login** or press the **Enter** key on the keyboard. You are brought to your default home page.

   **If you experience login issues, please contact:**

Signing out

1. Click **Sign Out** in the upper right side side of the Kronos webpage. You are brought to the CAS login page.

   It is recommended that you always end your work session by clicking **Sign Out**. Closing the browser window without signing-out might leave your connection to the application open, allowing unauthorized people to view and edit information.
Exceptions Review

It’s recommended for managers to review their employee timesheets on a daily basis, to ensure time worked is accurately identified for the pay period.

**Review the Exceptions Widget**
The exceptions widget provides an at-a-glance summary of timesheet issues that should be reviewed and resolved.

- Click the **Exceptions** link on the right side of the Kronos webpage.

- To see a more detailed view of the exception:
  - Double-click an employee name, to open the timesheet in order to review and correct the exception.
  - For multiple employees, hold down the Ctrl or Shift key on the keyboard, then click the View Exceptions drop-down to review by exception type.

Alert Notifications Review

Review Alerts
In addition to the Exceptions widget, timesheet issues can also be seen in the Alerts notification.

If a timesheet triggers an Alert, the Alert icon displays a number which corresponds to the number of employees with an exception.

- Click the Alert icon to display a list of employees with an exception alert.
- Select an employee to open the Exceptions Widget or click View All to open the Alerts and Notifications widget.
  - Refer to page 3 for instructions how to correct an exception.
Selecting a Job when Multiple Jobs Exist

If an employee has more than one job, a job transfer must be entered to ensure that hours are processed on the position worked.

1. Enter the In and Out time, then press Tab or Enter.

2. From the transfer set for each time block, select the position for the In and Out hours worked.

2. Once hours are reviewed, either **Select All Rows** or select the individual employees you want to approve.
   - To select only certain employees: Hold down the Ctrl key on the keyboard, then left click the employee name.
   - If selecting the entire group, click the **Select All Rows** icon.

3. Click the **Approval** drop-down and select **Approve Timecard**.
4. A pop-up will open to confirm approval, select **Yes**.
Approving Time-off Requests

Approving a time-off request

After an employee submits a time-off request, you will receive an email notification regarding the request. You will need to login to Kronos to review the request. The request can be approved as submitted, or edit the request to suit your staffing requirements. After approving the request, the application updates the employee’s timecard to reflect the request details.

1. Access the Requests widget.

2. Enter or select the applicable time-frame for which you want to view requests.

3. Highlight the applicable employee’s name within the grid and double-click to open the request details

4. Click Approve.

Note: Comments and Notes can be entered on the request.
