

# Classroom Technology Guide

## Instructions

1. Press the ON button on the control panel, indicated by the green circle in the picture. The TV will power on.
2. Wait for the red warm up light next to the ON button to turn off.
3. Press the appropriate grey button to select the device you will use.
4. Turn on the computer if you would like to use the in room computer. The green arrow in the picture indicates the location of the computer power button
5. If you are using your laptop, find the laptop cable in the drawer in the cabinet and connect your laptop to the ports, indicated by the blue circle in the picture.
6. If you need to use the in room web cam, first power on the in room computer. The buttons on the web cam can be used to control the pan, tilt, and zoom of the web cam. The web cam is located on the table, below the TV.
7. The in room volume can be controlled by the volume buttons indicated by the orange circle in the picture
8. The keyboard and mouse can be powered on by locating the power button on the bottom side of the keyboard and mouse.

For assistance, call (909) 607-3695 or ext. 73695. Please note that you are not allowed to use the technology in this room if this room has not been reserved for your use. Please contact your department staff to reserve this room.
